OCTOBER 1, 1945

This is a partial list of our ornamental stock. If conditions permit, we will gladly quote prices and fill orders on unlisted items which are numerous and contain some fine materials. Many standard items of nursery stock are now in short supply and face almost complete depletion before newly grown stock can reach the market. In view of this situation, we urge our customers to anticipate their requirements and to have needed materials booked well in advance.

We also urge you to arrange orders as much as possible by personal visit, as we have some items that are sold only upon inspection by the buyer.

As usual, we can give very satisfactory delivery service by contract hauler in Ohio, Commercial trailer truck out of state and by railroad car.

We solicit your inquiries and visits.
